

QUALITY

We are highly engaged in exclusive range of herbal products. These are available in direct contact with the clients. Moreover, we ensure that we strictly test our range on several parameters of quality. Our skilled and qualified manufacturers are round the clock on their duty and ensure that the clients get tested products. There are some factors which we keep in mind while checking our Khadi products and they are:

- Checked for purity
- Tested against harmful reactants
- Fragrance test

PRIVATE LABELLING

EHBC welcomes the opportunity to provide cosmetic contract manufacturing, formulating and development of cosmetic products to both local and international export markets.

We focus on formulating good quality products with cosmetic actives that work, allowing for continued brand development with a quality brand - where what's on the inside counts as much as the packaging. We give clients the opportunity to produce top quality cosmetic products, with the highest quality standards.

WHO WE ARE?

We are the manufacturer of "Personal Care Products" like:

- Shampoo
- Hair Oil
- Soaps
